

# **Bishop Baker announces Building Construction Start**

---

The Board of Trustees, Development Office and Administration of Pope John Paul II Catholic High School are delighted to announce that the Most Reverend Robert J. Baker, S.T.D. and the Diocese of Birmingham have given **final approval for the construction contract to be signed authorizing the construction of the new facility** (academic building, multi-purpose/ auditorium, gymnasium and athletic fields) to begin. With this step, Bishop Baker is expressing his confidence in and support for the Huntsville, Madison, Decatur and surrounding North Alabama communities in the goal of a new High School. There is still much work to be done. Our Capital Campaign continues to gather pledges and contributions to insure a timely payment of all expenses connected with this project. Please keep all of our students, parents and staff in your prayers as they grow in “wisdom, age and grace.” Your support and commitment to this project are crucial to its success.
